

Pharmacist: Next please.

Customer: Hi, I have this prescription for Bactrim from my doctor. Do you have it \_\_\_\_\_<sup>1</sup>?

Pharmacist: Let me see. Hmm, give me a minute to check. Yes, we have it - here it is.

Customer: Oh, good.

Pharmacist: Now, you need to take these \_\_\_\_\_<sup>2</sup> twice a day with meals, once in the morning and once in the evening.

Customer: How long do I need to take them for?

Pharmacist: Five days. It's important that you finish the whole package.

Customer: Okay. Are there any \_\_\_\_\_<sup>3</sup>?

Pharmacist: Er, you might feel a little sleepy, so if you do, it's better that you don't drive.

Customer: That's good \_\_\_\_\_<sup>4</sup>. Is there anything else that I should know?

Pharmacist: Yes. It's a good idea to take \_\_\_\_\_<sup>5</sup> with this medicine.

Customer: Oh, what do they do?

Pharmacist: They help the good \_\_\_\_\_<sup>6</sup> in your stomach. I recommend these.

Customer: Are they \_\_\_\_\_<sup>7</sup>?

Pharmacist: No, not very.

Customer: Hmm, well okay then. Can I pay with my card?

Pharmacist: Of course, just \_\_\_\_\_<sup>8</sup> it on the machine. Thank you.

Customer: Great, thanks. And thanks for your help.

Pharmacist: No problem. Bye.

Customer: Bye.
