Questions 6 – 10

For each question, choose the correct answer.

The young people below all want to do a cycling course during their school holidays.
On the opposite page there are descriptions of eight cycling courses.
Decide which course would be the most suitable for the people below.

6

Nancy is fourteen and cycles quite well. She needs to learn how to cycle safely from her home to school on busy city roads. She's only free at the weekends.

7

Markus is an excellent cyclist and he wants the excitement of riding on countryside and woodland tracks. He'd also like to learn more about looking after his bike. He can't attend a morning course.

8

Ellie is nine and knows how to ride her bike, but isn't confident about starting and stopping. She'd love to meet other cyclists with a similar ability and have fun with them.

9

Leo can't cycle yet, and wants to learn on his own with the teacher. He'd prefer a course with sessions twice a week. He'd also like some practical information about cycling clothes and equipment.

10

Josh is eleven and a skilled cyclist. He's keen to learn to do exciting cycling tricks in a safe environment. He'd like to be with people of a similar age.

Cycling Courses

A Two Wheels Good!

Mountains! Rivers! Forests!

Our 'off-road' course offers you the chance to get out of the city. You'll need very good cycling skills and confidence. You will be with others of the same ability. Expert advice on keeping your bike in good condition also included.

H Setting Out

A course for absolute beginners needing one-to-one instruction to get off to a perfect start. We also give advice on helmets, lights, what to wear and much more. A fantastic introduction to cycling! Mondays and Tuesdays 9.00 am–11.00 am.

For each question, choose the correct answer.

This car runs on chocolate!

Scientists have built a 300kph racing car that uses chocolate as a fuel! The project is (21) to show how car-making could (22) environmentally friendly. The car meets all racing car (23) apart from its fuel. This is a mixture of waste chocolate and vegetable oil, and such 'biofuels' are not (24) in the sport yet. It has to be mixed with normal fuel so that all parts of the car keep working.

Carrots and other root vegetables were used to make some parts inside and outside the car. Even the mirrors are made from potatoes! The sides of the car (25) a mixture of natural materials from plants as well as other recycled materials.

The project is still young, so the scientists have not yet found out how 'green' the car is. They are planning many experiments to compare its (26) against that of normal racing cars.

Our new skatepark! by Jack Fletcher

Is there a great skatepark in your town? We've now got the (27) fantastic skatepark ever, and it's all because of my friends and me!

Our old skatepark was full of broken equipment, so none of us ever went there. But we all agreed that (28) we had a better skatepark in our town, we'd use it. And teenagers might come (29) other towns to join us, too.

So I set up an online questionnaire to find out (30) local people wanted. I asked them whether we should improve our old skatepark (31) build a completely new one. People voted to build a new one.

Then we held some events to get money to pay for it. In the end we collected half the cost, and the local council paid the rest. It (32) finally finished last month. So come and try it – you'll have a great time!

You **must** answer this question.

Write your answer in about **100 words** on the answer sheet.
