– 7 questions –

Look at the picture and read the story. Write some words to complete the sentences about the story. You can use 1, 2, 3 or 4 words.

Katy and Michael's app

Katy and Michael both enjoy playing computer games. Last summer they talked a lot about designing online games and apps, as well. In the future, they both want to be designers like their father.

In the autumn, they decided to design an app to help kids choose comics or story books. They agreed about something important. Children must enjoy using the app. It mustn't be boring.

'Well, we could make something appear on the screen each time they choose a book,' Michael said.

'OK! What about a really strange creature that hops across the screen, or perhaps we could show rain that changes into a rainbow?'

'Brilliant!' said Michael. 'Shall we ask Dad about this?' 'Yes, let's ask him now,' said Katy.

Their father loved the idea. 'Here's an amazing program,' he said. 'You can use it to make your app. And don't worry. I can help.'

Last month Katy and Michael's app appeared online for the first time! A journalist who wrote for a computer magazine called them about it.
