

# REALIZA LAS RESTAS SALTANDO EN LA RECTA NUMÉRICA

$2 - 1 = \square$ 

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

$3 - 2 = \square$ 

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

$4 - 3 = \square$ 

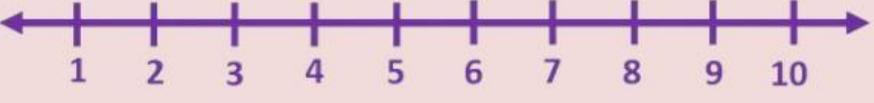

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

$4 - 1 = \square$ 

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

$5 - 2 = \square$ 

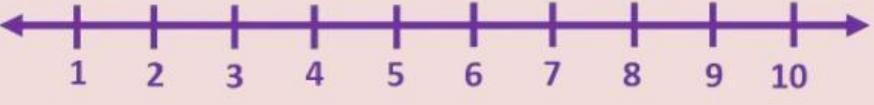

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

$5 - 3 = \square$ 

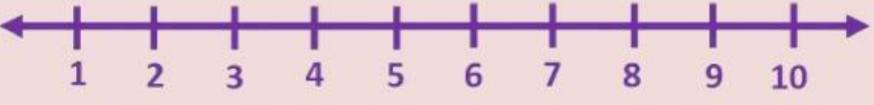

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

$6 - 3 = \square$ 

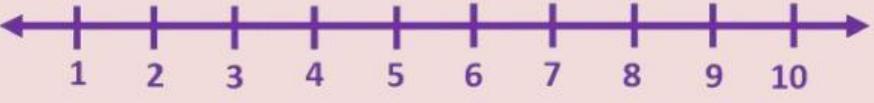

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

$7 - 2 = \square$ 

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

$8 - 3 = \square$ 

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

$7 - 3 = \square$ 

A horizontal number line with arrows at both ends, marked with integers from 1 to 10.

## LOCALIZA LA RESTA CORRECTA

$8 - 3 = 5$

$7 - 3 = 4$

$8 - 4 = 4$

$8 - 2 = 6$

$7 - 3 = 4$

$7 - 2 = 5$

$6 - 2 = 4$

$6 - 3 = 3$

$6 - 4 = 2$

$8 - 4 = 4$

$8 - 5 = 3$

$8 - 3 = 5$
