

Dear Megan

It's really kind of you to look after Edin this week. Here are some important things to remember.

You don't have to buy any seed. It's in the cupboard in the kitchen.

Edin loves fruits so you can give her a piece of apple or banana every day.

It's important to give Edin fresh and clean water, so you must change the water every day.

She also loves fast food but she might get sick if she eats it every day. So you don't let her eat that much.

You should take her for a walk so she doesn't get stressed.

She can have ice-cream once a week, if she behaves.

Thank you again. See you on Sunday.

Love, Elizabeth.
