On Sunday I saw [1] ..... amazing TV programme. It was called *Explore Australia* and it was about animals and birds in Australia. We learnt a little about Australia [2] ..... school last year, but I didn't know there were so many interesting animals. There [3] ..... some animals you can't see in any other country in [4] ..... world! The presenter took a trip into the desert and she saw camels and red kangaroos there. Then she [5] ..... with sharks in the ocean. I thought it was a really interesting programme. I want [6] ..... visit Australia now!
