

All Living Things

- 1** The roadrunner lives on land and doesn't often fly. It has very strong legs and can run at speeds of up to 32 kilometres per hour. It has a very sharp beak. It can kill a snake with one bite.

Say true or false:

1. The roadrunner can fly.
2. It's a very fast bird.
3. It kills snakes with its feet.

- 2** The green tree frog has sticky toes so it can hang on smooth leaves and branches. It's so small and light that a leaf can take its weight.

Say true or false :

1. The frog's sticky toes helps it jump over the leaves.
2. The frog can stay on leave beacause it's not heavy.

- 3** The sloth moves very slowly. It can't run away from other animals, so it hides. It hangs upside down under the branches of trees so that it can't be seen. The sloth's fur grows down from its stomach to its back so that the rain runs off more easily.

Say true or false:

1. The sloth doesn't move fast.
2. It hangs upside down to sleep.
3. The body is coverd with fur.
