To: artur@email.com
Hi Artur
Well, we're still enjoying our trip to England. We're staying in a great city – but someone **1**…….. told us that there was going to be a festival here yesterday! Perhaps we **2**…….. realised something was happening, because a lot of the hotels were full. The festival was great! According to the local paper, this **3**…….. been the biggest crowd they'd ever had. The streets were packed. I reckon there **4**…….. been about 30,000 people there. There was a fancy dress parade, too; if we'd known, we **5**…….. got dressed up. Mind you, some of the people **6**…….. been very comfortable as some of the costumes looked really hot! I bought you a souvenir. I'll see you in a couple of weeks.
Lena

She Persisted: 13 American Women Who Changed the World by Chelsea Clinton

Throughout American history, there have always been women who have spoken out for what's right, even when they have to fight to be heard. In early 2017, Senator Elizabeth Warren's refusal to be silenced in the Senate inspired a spontaneous celebration of women who persevered in the face of adversity. In this book, Chelsea Clinton celebrates thirteen American women who helped shape their country through their tenacity, sometimes through speaking out, sometimes by staying seated, sometimes by captivating an audience. They all certainly persisted!

Oral Study

Question 1: Which of the following features can you find in the leaflet? You can choose more than one.
1 Bullet points
2 Paragraphs
3 Subheadings
4 Heading
5 Diagrams
6 Images

Question 2: Which pronouns does the writer usually use throughout the leaflet. What is this technique called?
1 Personification
2 Direct addressing
3 Third person addressing

LIVEWORKSHEETS

THE LIFE OF A BUTTERFLY

Butterflies start out as **eggs**. After about five days, a butterfly egg hatches and out comes a tiny **caterpillar**. The caterpillar is very hungry when it comes out of the egg. It eats and eats and grows very quickly. When the caterpillar is done growing, it sheds its skin and forms a **chrysalis**, which is also called a pupa. The chrysalis is brown or green so that it is camouflaged in nature. Inside the chrysalis, the caterpillar begins to change into a butterfly. This complete change is called **metamorphosis** (*met-uh-mor-fuh-sis*). The change happens quickly! Soon, the chrysalis opens and an **adult butterfly** emerges. When the butterfly first comes out, its wings are damp, so it spreads them out to dry. Butterflies learn to fly quickly after their wings have dried. Then, an adult butterfly lays eggs, and the life cycle starts all over again.

Like all cycles, the life cycle of a butterfly repeats itself over and over. Can you think of any other cycles?

Locate the text features and circle them with the correct colors.
Check each box as you find each text feature.
