### Match animals and their habitats

#### Animals

- Polar bear
- Camel
- Parrot
- Kangaroo
- Emperor Penguin
- Bengal Tiger
- Elephant Seal
- Giant Panda
- Rattle Snake
- Artic Fox

#### Habitats

- A. Arctic Tundra
- B. Sahara Desert
- C. Australian Outback
- D. Amazon Rainforest
- E. Antarctic Ice
- F. North American Desert
- G. Indian Jungle
- H. Pacific Ocean Coast
- I. Chinese Bamboo Forest
- J. African Savannah

#### Space for Answers

Polar Bear: \_\_\_\_\_  
Camel: \_\_\_\_\_  
Parrot: \_\_\_\_\_  
Kangaroo: \_\_\_\_\_  
Emperor Penguin: \_\_\_\_\_  
Bengal Tiger: \_\_\_\_\_  
Elephant Seal: \_\_\_\_\_  
Giant Panda: \_\_\_\_\_  
Rattlesnake: \_\_\_\_\_  
Arctic Fox: \_\_\_\_\_

### Find the odd one

- Camel: Hump, Herbivore, Fur, Insect
- Dolphin: Aquatic, Mammal, Air-Breathing, Scales
- Frog: Marsh, Vertebrate, Cold-Blooded, Tail
- Butterfly: Insect, Air-Breathing, Carnivore, Wings
- Snake: Cold-Blooded, Slithers, Scale, Herbivore
- Lion: Carnivore, Desert, Fur, Claw
- Kangaroo: Mammal, Hops, Tail, Aquatic
- Eagle: Air-breathing, Sharp Talons, Warm-Blooded, Insect
- Penguin: Aquatic, Warm-Blooded, Webbed Feet, Desert Habitat
- Elephant: Large Ears, Herbivore, Fur, Vertebrate

### Group the animals

- lion, crocodile, eagle, kangaroo, snake, penguin, giraffe, parrot, turtle, dolphin, elephant, owl, lizard, whale, sparrow

Birds

Mammals

Reptiles

### True-False

- Dolphins are aquatic mammals known for their intelligence and air-breathing capabilities through a blowhole.
- Butterflies are a type of mammal known for their colorful wings and the ability to produce honey.
- Frogs are cold-blooded vertebrates that can live both in water and on land, making them amphibians.
- Snakes are warm-blooded animals
- Elephants have a thick layer of fur that keeps them warm in their native snowy, mountainous habitats.
- Mammals are warm-blooded vertebrates that typically have fur or hair and produce milk to feed their young.
- Lions are carnivores and have a powerful jaw and sharp claws that help them hunt their prey.
