Creating a youth club

Last summer our town achieved something quite special. We created a youth club in the town centre. Before that there was absolutely nothing for the young people to do after school and at the weekends. 16 ____ It took a long time to finally open the youth club. First of all, we had to find a building that we could use. We put up posters all over the town asking people to help us find a place. We were very lucky because after a couple of weeks someone said we could have an old shop that had been closed for a year. 17 ____ Best of all, he said, we did not have to pay anything to use it. The only thing we had to promise to do was to keep it in good condition.

Once we had a building, lots of people came to help us paint the rather dirty rooms and put furniture in it. 18 ____ Then, a big business in the town gave us three computers and a large TV. The local football team gave us some sport and fitness equipment and they send a coach twice a week to do health and fitness classes with us. 19 ____ There we can buy drinks and snacks. My mother often bakes cakes for the cafe. We also do lots of art at the youth club. We put our pictures on the walls to make the place look really interesting and colourful.

I think the most important thing about our youth club though is that it is a place that young people can go to if they are feeling lonely and want someone to talk to. Also, there is a homework room where we can sit quietly and study. This is useful to me because I have to share a room with my little sister at home. 20 ____ Obviously that makes it hard for me to concentrate on my school work.

Creating the youth club, in my opinion, is the best thing that has happened in our town recently.
