Hi, my name is Nina and I've written a story! It's about some people who lived in a cave many years ago. One day, there wasn't enough food left, so they went out searching for food. But suddenly, a dinosaur appeared! Most of the children ran away because the dinosaur was too frightening, but one girl called Ada was very brave...

I won't tell you the ending of the story because you might want to read it one day! My story is about something that happened a long time ago, but I want to tell it in a modern way on my tablet.

Nina is writing a...    a. story book.    b. digital story.    c. comic.

## 3 Read and number the steps Nina followed in the correct order.

- I recorded my voice-over and chose some songs to go with the story.
- I did a lot of research about dinosaurs and people who lived in caves.
- I decided what equipment I wanted to use. I chose a tablet! Then I made a storyboard and I wrote the script of the story.
- I shared my finished story with all my friends!
- I edited my work with a video-editing program until I was happy with it.
- I came up with the idea for my story.
