Money Phrasal Verbs

Look at the phrasal verbs in the following examples.

Then match them with the correct definition

A: Hey, Lisa! I'm trying to save up for a trip to Europe.

B: That's great, John! How much do you have so far?

A: It took me a while, but I finally paid off all my credit card debt.

B: Congratulations, Emily! That's a huge accomplishment!

A: I always put away 20% of my paycheck into my savings account.

B: That's a smart habit to have, Mark. It will come in handy for emergencies.

A: I need to take out a loan to buy a new car.

B: Make sure to compare interest rates and terms before you decide.

A: My parents are going out of town next week. Can you look after my dog, Max?

B: Sure, no problem! I love dogs and I'll make sure to take good care of him.

look after	to give someone all the money you owe them, especially when this is a large amount.
take out	to take care of someone or something.
save up	to keep money for future use, usually by putting it in a savings account.
pay off	to remove something from a place or container.
put away	to store something in its proper place after using it.

Choose 3 phrasal verbs and create new examples.
