Writing

1. Match the suggestions for improving the environment with their expected results.

Suggestions	Expected results
1. Cleaning up regularly (e.g. organizing clean-up activities at weekends)	
2. Planting more trees (e.g. encouraging students to plant trees or flowers in their school)	
3. Setting up more rubbish bins (e.g. putting more rubbish bins in public places such as parks or bus stations)	

a. This reduces CO_2 and makes the air clean.

b. This makes the waste collection easier.

c. This keeps the environment clean and makes it safe for everyone.

LIVEWORKSHEETS

2. Match the words related to the environment with their expected meaning.

Biodiversity

Greenhouse effect

Eco-friendly source

Alternative energy source

Word	Meaning	Example
	Đa dạng sinh học	Biodiversity is of great importance in order to maintain stable ecosystems.
	Nguồn năng lượng thay thế	Outside life is busy exploring in alternative energy sources
	Hiệu ứng nhà kính	Carbon dioxide is the largest contributor to the greenhouse effect.
	Nguồn nhiên liệu thân thiện với môi trường	Being eco-friendly also saves me a lot of money each year.
