
Let's talk about the raccoons

First, let's describe them physically.

Can you write the body parts in this animal?

After watching the video answer true or false:

They are mammals True/False

They can't climb trees True/False

They eat everything (candies, pizzas, meat, chicken
and also frogs, eggs, etc.) True/False

They live in South America True/False

They mark their territory with their poop True/False

Can you make a little summary for the teacher about raccoons, please?
