

# UNIT 1: BASIC TROUBLESHOOTING

## ICT YEAR 10

Yr Level:

Subject: ICT

Unit:

Name :

Date:

### Quick Test

1. Match each problem to its solution. One example is given.

PROBLEM
(a) No sound.
(b) The printer has a paper jam.
(c) The computer freezes and will not shut down.
(d) Wireless mouse is not working.
(e) Computer runs slowly.
(f) Screen is blank.

SOLUTION
(i) Unplug the power cable from the power socket.
(ii) Change batteries.
(iii) Make sure external speakers are properly plugged in.
(iv) Press a key on the keyboard to wake up the computer.
(v) Remove jammed paper, close printer and try printing.
(vi) Scan your computer for viruses.

# UNIT 1: BASIC TROUBLESHOOTING

## ICT YEAR 10
