

#### 4. Listening Comprehension

- Watch the first part of the video again and fill in the gaps.

Sexual orientation is one of the most \_\_\_\_\_ aspects of our existence and that is because sexual thoughts and \_\_\_\_\_ are experienced inside our \_\_\_\_\_. Every individual's sexual orientation is a bit different from the other, just like personalities and appearances are slightly \_\_\_\_\_ in each person. Different people are attracted \_\_\_\_\_ or sexually to various features and characteristics in others. Some people do not feel attraction at all and identify as \_\_\_\_\_. A person's feelings about attraction can \_\_\_\_\_ or may stay the same over time. The same is true across \_\_\_\_\_ and countries all over the world.
