\$60 Changed My Life and Can Change Yours in 2024

Do you want it bad enough, %%FIRSTNAME%%?

Don't YOU dare to lie to me!

I know you have chosen to buy the new FIFA or MADDEN,

Over getting a gym subscription or a new outfit.

Or getting the Big Mac combo,

Instead of the pound of rice and chicken.

Wouldn't you want to have that loud inner voice that tells you what's BEST for you?

Well, I'll tell you how I woke up and BULLETPROOFED mine.

And all it cost was \$60...

Yes, 60 bucks!

I went to a clothing store to get myself an outfit.

It'd been a long while since I shopped for myself.

Years getting used to hand me downs.

I was also 20 and really broke at the time.

But, I washed cars thru the summer to get a couple bucks.

So it just took:

- A \$10 V-Shape neck style white t-shirt.
- A \$20 retro-ish pair of ocean blue jeans.
- A \$20 brand-new masculine leather jacket.
- And a \$10 well-needed cleaning session for my black loafers.
- And I forgot the \$5 haircut haha.

The \$60 best invested ever boosted my whole life to another stratosphere (at the time).

And that was it, bro.

"This is the key", I said to myself looking in the mirror,

While trying the masterpiece-like outfit I put together.

60 bucks can get you to feel more confident you know.

Get better results at work,

On the gym,

On the night club picking up 10s,

Salsa lessons,

WHAT-EVER!

You just gotta invest in YOURSELF because YOU should be your main PRIORITY.

It is POSSIBLE to wake your loud inner voice...

You just need to convince yourself it does not take THAT much to start.

If you're someone who's interest in waking up your loud inner voice,

Bulletproofing your confidence,

And you REALLY want to know how to do it.

SL: Why You Have to Cook It Yourself

Yes, Rob, you have to do it!

In fact, for some people cooking means **boredom**.

For others, it means **passion**.

Cooking your own food is definitely not easy for everyone.

But, for ANY human being it can mean **discipline**, **self-love**, and the possibility to be responsible for your **own health**.

So instead of giving away that responsibility to the “healthy” chain of restaurants.

Wouldn't you want to stand up for your own health? Your present? Your future?

I know the answer is positive.

But it scares you, right?

Being responsible for your own health?

Hell no!

Then you won't have an excuse to explain why you don't take care of the way I look, eat, and behave.

I have felt like this, and I don't want you to feel the same.

So the time is NOW to start taking care of your physical health, strengthening your mental health, and building good-necessary habits.

That's why I got you a **golden ticket**.

That ticket comes in the form of my entirely **FREE** E-book, a guide that teaches you that cooking your own food can take your fitness to a whole new level.

It's never been so easy to get HUNDREDS of \$ in fitness knowledge **for free**.

I GUARANTEE that it'll improve your life drastically.

If you want, it's FREE.

SL: Date 1 Time, Get The 2nd For Free

Yes, John, you can get an extra date THAT easy **without** even bothering to ask.

Stick till the end and I'll tell you how I do to get it!

It all starts by telling you I've failed hundreds of times to get that next date.

Maybe thousands of times (tbh).

But I never failed in learning from every one of those experiences.

More later than desired I noticed some habits that were killing my 2nd date chances.

The most notorious pattern was "Lack of Belief".

Lack of belief drove me downhill with no breaks,

But it also taught me a valuable lesson you need to know.

The lesson came to me after I asked myself one simple, yet profound question.

Why am I doubting so much if she's trying to get ME too?

I was so shocked I hadn't thought about it before.

I had filled my mind with negative thoughts and overthinking during those dates

But I stopped there.

I stopped wanting to **impress** them and I started to **express** myself.

Just being yourself will naturally attract some people, at least.

But showing ZERO fear of being you, that hooks 99.9% of them dead.

All I had to do it believe I deserved to be there and be a good-teasing chat.

That's the secret. *Simple math. But not a simple path.*

And I don't want you to have it as hard as I did, John.

So, I put together something for you.

A program that will get MOST of your dates to **desire** a 2nd, 3rd, and 4th one.

Some girls won't wait till the end of the date to let you know they want another one.

They might even invite you (it's happened many times to me).

Just click here to access the program + 50% discount ONLY in the next 48 hours...

P.S. I have another surprise for you, John, don't miss out.

Take care,

Rob
