Gao This bag is great. It looks expensive but it cost £35. I use it for university and the gym. It's big, light and has lots of pockets. It's good value.

Mara I'm very disappointed with this mobile phone. It's too small to watch films and it's difficult to use. It's not worth the money and I don't recommend it.

Elki These shoes are awful. When I wear them my feet hurt. They're too expensive – £75, but they look quite cheap. And they were one week late so my advice is don't buy them.

Viktor This is a great watch. It's comfortable, light and easy to use. I can also wear it when I'm swimming! It's definitely worth the money.
