

CAPAS DE LA TIERRA

The diagram illustrates the layers of the Earth in a wedge-shaped cross-section. The layers are numbered as follows: 1 (top surface), 2 (thin crust layer), 3 (upper mantle layer), 4 (thin layer), 5 (thin layer), 6 (thin layer), 7 (mantle layer), 8 (mantle layer), 9 (mantle layer), 10 (mantle layer), 11 (inner core), 12 (outer core), 13 (mantle layer), 14 (mantle layer), and 15 (inner core). Brackets on the left side group the layers into three main sections: 1-4, 5-8, and 9-12. Brackets on the right side group the layers into three main sections: 1-4, 5-8, and 9-12. The text '14 MODELO' is written on the left side, and '15 MODELO' is written on the right side.
