

Hiking For Fun

Hafiz, a happy boy from Johor, went on an exciting hike with his friends, and they had lots of fun adventures. First, they found a beautiful waterfall in the forest. It was so pretty! They also met many animals like colorful birds and a friendly deer, making the hike feel like a magical adventure.

Hafiz was a brave climber, and he reached the top of a big hill. From there, he saw an amazing view that made him feel really proud. At night, they all sat around a campfire, telling stories and becoming even better friends. In the forest, Muiz and his friends helped each other find the right path, and they learned that teamwork is important.

One special night, they lay down and looked at the stars, feeling amazed by how big the sky is. Hafiz faced a little fear when he crossed a shaky bridge, but it turned out to be really exciting! They also had a simple picnic with sandwiches and snacks, enjoying the fresh air and each other's company.

Can you list memorable moments that made Hafiz's hiking adventure so special?
