

(1°\_Op\_15) Resolver sumas de dos sumandos en horizontal sin llevar con números naturales hasta 19.

Resuelve las sumas horizontales:

$2 + 3 = \dots\dots\dots$	$15 + 4 = \dots\dots\dots$
$10 + 4 = \dots\dots\dots$	$9 + 9 = \dots\dots\dots$
$8 + 1 = \dots\dots\dots$	$7 + 3 = \dots\dots\dots$
$5 + 2 = \dots\dots\dots$	$2 + 2 = \dots\dots\dots$
$12 + 5 = \dots\dots\dots$	$4 + 10 = \dots\dots\dots$

Vicente Molinero Claramunt

(1°\_Op\_15) Resolver sumas de dos sumandos en horizontal sin llevar con números naturales hasta 19.

Resuelve las sumas horizontales:

$12 + 4 = \dots\dots\dots$	$7 + 1 = \dots\dots\dots$
$6 + 9 = \dots\dots\dots$	$15 + 2 = \dots\dots\dots$
$4 + 4 = \dots\dots\dots$	$9 + 8 = \dots\dots\dots$
$9 + 3 = \dots\dots\dots$	$6 + 7 = \dots\dots\dots$
$1 + 11 = \dots\dots\dots$	$13 + 3 = \dots\dots\dots$
