BUSINESS INSIDER

A guy just signed a contract to rent an apartment using bitcoin, likely a world first

New renting methodologies

insiderbusiness A landlord and tenant in Argentina signed the country's first-ever bitcoin-based rental contract.

It may be the first contract of its kind in the world.

New regulation in Argentina now allows bitcoin to be used as a valid currency in contracts.

Write down your opinion.
Write 100 - 120 words.

stevenrdomingo If the contract was in NFT form they would really be pushing the boundaries.
