

# **PAST SIMPLE: READING**

**Read the text and mark true or false:**

I'm Mathew. I'm Clara's cousin. I live with my family in a small house in Brighton. I have got a sister. Her name is Becky. She is older than me. She is 17. In her free time, she plays tennis and volleyball with her friends. She wants to be a chef. She sometimes cooks on Sunday. Her spaghetti is great! Last Sunday, Becky went to a friend's house and ate some pizza. Then they went to the shopping centre and bought some clothes. When Becky was home in the evening, she argued with me because we wanted to watch different films on TV.
