

Read the passage below and identify clues to make your predictions.

Sam's hobby is cooking. He has promised to prepare a different dish for his family every day in this week. He is making plans about what to prepare.

On Monday, Sam plans to make a corn soup with pigtails. His whole family likes corn soup.

On Tuesday he will make dumplings and bean stew. His dad likes dumplings. His dad also likes beans. Sam is sure his dad will find his lunch delicious. What will Sam make on Wednesday? His sister likes egg and bacon. She would probably love eggs and bacon for breakfast. What about Thursday? Sam knows that his brother Mike likes vegetables for lunch. Sam has an idea for lunch. He wants to make something that his mom will appreciate. She likes cheese. She also likes to eat pie. On Friday, Sam will bake a special pie for his mom.

1. What food do you think Sam will probably prepare on Thursday?

---

---

2. What kind of pie will Sam probably bake for his mom?

---

---

3. Write the clues that helped you to make the prediction in (2) above.

---

---

Discuss the answers you have with your teacher.
