

The Three Billy Goat Gruff

Once upon a time there were three Billy Goats Gruff. The Big Billy, Middle Billy and the Baby Billy.

They wanted to go to a lush green meadow on the other side to the river. In order to get there, they must cross a bridge inhabited by a horrible Troll.

First, the Baby Billy crossed the bridge, he convinced the Troll that he, the baby Billy Goat, was much too small to eat.

Then, the Middle Billy crossed the bridge, and he convinced the Troll that he, the Middle Billy Goat was much too small to eat.

Finally, the Big Billy started to cross the bridge and he knocked the troll off the bridge.

And the Billy Goat Gruff ate all the sweet grass on the other side of the bridge.
