Reading

a. Read the text about means of transport. Give short answers to the questions.

By plane

Traveling by plane is convenient because it allows us to save time. A regular passenger airplane can travel 600 kilometers for just about an hour. Although air travel is fast, the waiting time before departure can be a problem. An airplane ticket could be expensive, too.

By car

Driving is not as fast as flying. It can take a driver about 17 hours to travel 600 kilometers. That's too long for a drive. Although it is not as comfortable as going by air, driving can be a great experience on a long journey. You can stop by a place you like or even stay as long as you want to.

By train

Trains can be as convenient as planes. Although traveling by train is not as fast as traveling by airplane, a train can be reliable. Trains don't often go through the city center, so they rarely get into traffic jams. Besides, trains usually go through beautiful countryside, so passengers can relax and enjoy themselves with a fantastic view.

By motorbike

Going by motorbike cannot be as comfortable as driving, but a motorbike can be as reliable as a car or even an airplane. A young Vietnamese man started to travel the world only on his motorbike. He visited 50 countries and returned to Vietnam in June 2017.

- 1 How far can a typical passenger airplane fly in an hour? _____
- 2 What might be a problem when traveling by airplane? _____
- 3 How long would it take to travel 600 kilometers by car? _____
- 4 What can a passenger experience when traveling by train? _____
- 5 How many countries did the man visit on his motorcycle? _____

b. Read the text about traveling in Hong Kong. Write **Y** (yes), **N** (no) or **NG** (not given).

GETTING AROUND IN HONG KONG

Hong Kong is a great place to visit because there is a lot to see and do. Although it is an island, Hong Kong has a convenient transport system. So, exploring the city is not a problem.

* BUSES

Most buses are double-deckers. A double-decker is a two-floor bus. A bus ticket costs from HK\$2.70 (\$0.34) to HK\$58 (\$7.39), depending on at which station you want to get off. Hong Kong buses are frequent and reliable. Usually, a bus leaves every eight or twelve minutes.

* MTR (Mass Transit Railway)

The Mass Transit Railway is popular in Hong Kong, so getting around the city is very convenient. Hong Kong MTR has 10 lines, with over 90 stations. An MTR leaves every two or four minutes, from 6:00 a.m. to 1:00 a.m. the next morning. People can use Octopus Cards or Tourist Day passes to pay for tickets.

* TAXIS

Hong Kong taxis are very convenient but expensive. Red Taxis (in the cities), Green Taxis (in the New Territories), and Blue Taxis (on Lantau Island) are here, there, and everywhere in Hong Kong. Uber is also a great option.

- 6 All buses in Hong Kong are double-deckers. _____
- 7 Hong Kong buses leave at 8:00 or at noon. _____
- 8 Hong Kong MTR is easy for everyone to use. _____
- 9 People can use the MRT using Octopus Cards. _____
- 10 Taxis in Hong Kong are difficult to take. _____

Speaking

Complete the conversation using the sentences in the box. There is one extra sentence.

Jane How can we travel to Nha Trang from Ho Chi Minh City?

Thảo 1) _____

Jane How long does it take if we travel by train?

Thảo 2) _____

Jane That's a long time. How about the bus?

Thảo 3) _____

Jane How much is a train ticket?

Thảo 4) _____

Jane I think it's better to go by train. It's not so cheap as bus, but it's safer and faster.

Thảo 5) _____

Jane I can't wait for the trip.

A It takes about 8 hours.

B Alright. I'll book two bus tickets.

C OK. Let's book two tickets.

D It takes more than 9 hours. It's slower than by train.

E Well, we can take the train or the bus.

F It's about \$50. Going by bus is not as expensive as going by train; it's only \$20.
