

DOCTOR: Good morning, Mrs Jones. What seems to be the problem / matter ?

PATIENT: Well doctor, I feel / 've got a sore throat and a bad nose / cough .
I've also got a headache / headpain .

DOCTOR: How long / much have you had these symptoms?

PATIENT: About four days now, and I'm having / feeling really tired, too.

DOCTOR: It sounds like you 've got / are the flu. Take two aspirin® every / in
four hours. You need / should also get lots of rest and drink plenty of
fluids. And if you feel / don't feel better in a couple of days,
give me a call / number .

PATIENT: See / Thank you doctor.
