

During the quarantine...

Write some paragraphs about your days in quarantine. You can tell about:

- The activities you enjoy / like doing.
- The activities you hate / don't like doing.
- The craziest / funniest / most boring thing you've done during these days.
- The things / people / activities you miss.
- The things / people / activities you don't miss at all!
- Tell about your plans when the quarantine is over. The first thing you're going to do.
- To sum up: Have these quarantine days taught you something?

You can send photographs, videos, cartoons or whatever that best illustrates your days in quarantine.
