

Happiness - Student Discussion

Put 1 word in each space:

Mia:	I think this class is going to be really fun! I mean, (1) studying happiness!
Hannah:	Yeah, I know what you mean. This is a (2) topic.
Mia:	Maybe the ideas from this course can completely change (3) lives! Like, maybe, I'll become happier!
River:	Really? I don't think so. I don't think (4) ideas can really work. I mean, we're (5) happy people (6) we're not, like she said.
Manny:	Yeah, exactly. Like, did you guys get the "..... (7) visit"? I mean, is that really going to make you happier for.....how long did she say?
Hannah:	Three months.
Manny:	I (8) it. Maybe like a week. But then you're yourself again.
Mia:	I'm sorry, I don't agree. I think a really positive (9) can stay with you a long time. Like I said, it can change your life!
River:	But don't forget: not all (10) believe you can learn to be happier – do you have that in your notes?
Mia:	Yeah, I guess so. I guess I'm just a positive (11)
