

BRUNEI VISION 2035

Need for more economic growth	The accomplishment of its well educated and highly-skilled people
The high quality of life	Need for more employers and jobs
Need for better work skills	A dynamic and sustainable economy
Oil and gas are not last forever, thus there a need for Brunei to diversify its economy	Most jobs in Brunei are found in the government sector.
Brunei's local businesses are small and are not able to provide many jobs.	The world economy is becoming increasingly competitive and knowledge-based therefore Bruneians need to be taught the relevant work skills.
A 30 year plan to provide Bruneians with a bright future,	

What?	Why?
