#### About me ...

My name's Jess Arnold and I'm a science student at the University of Leeds. You can often find me looking at the night sky <sup>1</sup> ..... I believe there is so much to discover about space, <sup>2</sup> ..... our own planet.

I was born in a town near Leeds. My dad first got me interested in space when he took me out to look at the stars one night. I was five. I often follow the activities of different space agencies online and I read anything I can about the International Space Station, <sup>3</sup> ..... I'm currently writing a blog and I'm <sup>4</sup> ..... starting a video channel for kids, with videos on different topics, <sup>5</sup> ..... about why stars die out.

If you love space and want to get in touch, contact me at [JArnold93@email.me](mailto:JArnold93@email.me).
