4 Read and circle the correct option.

Hi Billy!

I finally bought a smartphone! Look, I'm using it now to send you this e-mail. That was easy to do, but some things are more complicated / **exciting** / **interesting** than others. ☹ Can you help me?

I want to **print photos** / **make a video** / **send messages** of your birthday party next Saturday, but when I open the camera, I can't find the options for different sizes and quality. I also want to **take** / **share** / **edit** photos of course, but what **app** / **instruction** / **way** can I use for that? Is it on the phone or do I have to download it?

Everything looks nice on this small **tool** / **screen** / **glass**, but how can I make sure they will look good on someone's computer? See you tonight!

Love,  
Dad

5 Read and write T (True) or F (False).

( \_\_\_ / 5 )

Extracurricular activities are things you can do after school, like playing team sports, acting in a theater production or playing a musical instrument in a band. In the US, sports are the most popular extracurricular activity. Thirty-five percent of school children play a sport. Football, basketball, and track and field are the most popular of these.

Students can join clubs to practice languages, math or other academic subjects. These clubs can also organize cultural trips. Some students write for school newspapers or act in the school theater. Extracurricular activities are a great way for students to try new things.

0. Extracurricular activities can be done during school classes.
1. Playing the drums is an extracurricular activity.
2. Most of the children play a sport.
3. Learning a language is a curricular and an extracurricular activity.
4. Some clubs organize cultural trips.
5. Acting or writing for a school newspaper are part of the students' classes.
