

## Reading lab

Read this postcard from Greg and answer all the questions.

Hi Joe,

How are you? I'm writing about my new hobby. I like cooking with my mum and I cook dinner for my family every weekend. I never cook fish. My favourite food is pasta. I like cooking pasta with chicken, vegetables or cheese. My dad is kind and he always washes the dishes.

My family love my cakes. I often make a chocolate or apple cake. They are very good! Today I am making a lemon cake.

There is a cooking club at our school. Last year it was on Thursdays but this year it is on Wednesdays. Do you want to come with me? It is a lot of fun!

Love from Greg

Example:

Greg's new hobby is cooking.

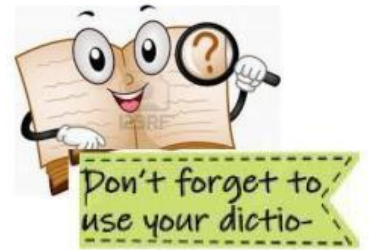

1. Greg often cooks fish.
2. He enjoys cooking and eating pasta.
3. Greg cleans the dishes.
4. Greg is making a chocolate cake today.
5. The club is on Wednesdays now.

True      False

## Reading lab

Read the passage and answer the questions. There is one example.

Isla visits the shopping centre every Saturday with her mum. Her dad, brother and sister stay at home. Isla never buys books or toys. Her mum always buys magazines but Isla loves clothes. Last Saturday was different. Isla went shopping with her friend, Hannah. Isla liked some black trainers but they were expensive. She bought some earrings and a necklace. Hannah bought a T-shirt and a skirt. Isla usually spends two hours shopping but this time she spent three hours. They saw four friends at Café Five. Hannah had a hamburger and chips. Isla had a cheese pizza and salad because she doesn't eat meat. Isla didn't walk home but caught the bus because she was tired. Hannah rode her bicycle home. They had a great day!

Example:

Isla usually goes shopping with her

- A dad.     B mum.     C brother.     D sister.

1. What does Isla like buying?

- A books     B magazines     C clothes     D toys

2. What did Isla buy last Saturday?

- A some jewellery     B a T-shirt     C a skirt     D some trainers

3. How long did Isla and Hannah spend shopping?

- A two hours     B three hours     C four hours     D five hours

4. What did Isla eat for lunch?

- A a pizza     B a hamburger     C chips     D chicken

5. How did Isla go home?

- A on foot     B by bike     C by car     D by bus
