**A Frog and a Mouse**

Flop is a frog. He likes to sing and dance very much. He sings and dances every day. He swims every day, too. But he doesn`t go to school. He doesn`t read books. What a pity!

One day he sees a Mouse. The Mouse goes to school. She has got a blue bag. She has got five books, three exercise-books and a pencil-case in the bag. She has got twelve coloured pencils, eight pens, a long ruler and a white rubber in the pencil-case.

The Mouse is happy. She has got many friends at school. The Mouse and her friends read, write, count and draw at school. They sing and dance at school, too. After school the Mouse does her homework. Then she reads books. It's interesting! Then the Mouse goes to the park and plays with her friends. It's fun!

The Frog is sad. He wants to go to school and have friends, too. The Mouse says, «Flop, let's go to school!» The Frog is very happy. He is a pupil now. His favourite lesson is Music. He likes to sing with his school friends.
