

WHAT ARE YOU DOING ON VALENTINE'S DAY?

Read the tasks and match the names with the statements

Mark

My friends and I asked permission to use our school gym for a Valentine's Day dance. They said yes so we are going to set up tables for snacks and decorations. Some friends are bringing soda and chips and some mothers are going to bring pink cupcakes. My friend Greg is going to be the DJ and I'm going to make the announcements. It's going to be great!

Jenny

Valentine's Day falls on a school day this year so there's not much we can do. My friends and I agreed to do something together. After we finish our homework, we're going to stream a romantic movie to watch. Mom said we could order a pizza. My friend Lily is going to bake a chocolate cake and Jill is bringing lemonade. We'll have to end the celebration early because we have to get up early the next day.

Diane

I really love animals, especially dogs. I hate to see animals suffer so I try to help whenever I can. My friends and I volunteered to go to the local animal shelter and provide special treats for the dogs there. We also sold cakes at our school and we're going to donate the money from the sale to the animal shelter. It will help provide for good food and medicine for the animals there. We also want to hug and pet the dogs - they need love too!

Choose the correct answer.
