Best Airbnb I've been in so far. The place was clean, fully equipped, and has the most wonderful view. The turntable for records was not working but did not affect our stay significantly.
Has the most accommodating staff too. Thank you so much!! We had an amazing weekend at your place.

We chose this special place to celebrate a special occasion and we were not disappointed! The mountain view from the pool or even from the living room was so serene and mesmerizing! We felt so comfortable and pampered, we enjoyed our time together as a family, sumptuous meals delivered by nearby recommended Kashing's restaurant and simple delicious meals we prepared ourselves; the kitchen was adequately equipped with mostly everything we needed. Bedrooms were very comfortable and cool, save for the repeated tapping sound against the sliding door which was attributed to the strong winds. I just hope the place can be maintained better to preserve the beauty of the home. Bernard and Marvin were very helpful and accomodating, too. The bugs that we were warned against were surprisingly few and manageable, at this time of the year. We would certainly go back to this haven in a heartbeat, when time and schedule permit!
