Mariam thinks robot vacuums have **advantages** and **disadvantages**. She wants to know if Ahmed agrees with her.

Help Ahmed to complete the activity below by deciding whether the statements provided **advantages** or **disadvantages**.

	Advantage	Disadvantage
They help us to clean our homes		
They cannot be used if the battery isn't charged		
We don't need to help them to clean		
They can get damaged because their parts can be broken easily		
They will not work properly if the sensors are blocked
