Imaginary friends in early childhood

Many children have an imaginary friend – that is a friend they have **(0)** ..... . It was once thought that only children who had difficulty in **(1)** ..... relationships with others had imaginary friends. In fact, having an imaginary friend is probably a common **(2)** ..... of a normal childhood as many children with lots of real friends also have an imaginary friend. The imaginary friend may help some children **(3)** ..... with emotional difficulties, but for many, having an imaginary friend is just fun.

Most children, it appears, realise that their imaginary friend is not real. If people **(4)** ..... asking about an imaginary friend, children often say, 'You know, my friend isn't real – I **(5)** ..... him up.'

There is no firm evidence to say that having an imaginary friend **(6)** ..... us anything about what a child will be like in the future. One **(7)** ..... of research, though, has **(8)** ..... that adults who once had imaginary friends may be more creative than those who did not.
