[I = Interviewer; D = David]

I: David, tell me, how much of your business is online now?

D: Not much, really. Only about 7%.

I: Why's that, do you think?

D: Well, most of our customers buy our cleaning products in supermarkets when they buy their food. And most people go out to buy their food. They go to the supermarket.

I: Do you think this will change?

D: Probably but slowly. Last year our online buying was about 5% of our business.

I: So, it is growing a little.

D: Yes, but only a little. And in future our customers will still buy our products from the supermarkets on their websites. I don't think they will buy online from us direct.
