The word **excellence** means **high quality**; an **excellent virtue**. Excellence is an important virtue because it motivates individuals to go beyond a limit or standard. The quest for excellence drives individuals to perform at their best and achieve greatness.

Two biblical characters who exhibited the spirit of excellence are Daniel and King Solomon.

1. In Daniel Chapter 6 verse 3 we discover that Daniel performed better than his supervisors because his work was outstanding.
2. King Solomon was a king of excellence. His wisdom surpassed all and his palace was magnificent.

Students can demonstrate excellence in the following ways:
