TELL US ABOUT YOUR JOB

1 _____

I have always enjoyed making things, and what's more interesting than building something that people will use for years? The challenge of discovering exactly how a space needs to be constructed for maximum usefulness and beauty is what makes me wake up with a smile. I often work late at the office, but that's part of the job.

2 _____

Working for yourself is hard because you're responsible for everything. If no one calls you and asks you to work for them, you have to go out and look for work. Luckily, I now have some regular clients. I paint pictures for some expensive hotels. Right now, I'm doing some paintings for the rooms of a new hotel in Hawaii.

3 _____

My friends say my work is less demanding than theirs, but I work just as hard as they do. I spend a lot of time alone because my job can't begin until all the construction work is completed. Usually, the rooms look great when I've finished my work. Sometimes I don't like the colors that customers choose, but I have to do what they want.

4 _____

These days a lot of people are doing what I've been doing for fifteen years. I work closely with my clients to find out exactly what they want to show on the Internet and how to make it look as attractive as possible. My work requires a good eye for art, a command of clear and precise language, and of course, knowledge of the latest technology.

5 _____

I meet all kinds of people: some are the best and others aren't so good. Sometimes I have a great conversation with someone I've never met before. And of course, I have my regulars, people I see every day, and we talk about life. But I always keep my attention on the road.

6 _____

Being with kids all day isn't for everyone, but I love it. I take care of children when their parents are away. I do all kinds of things – I teach, I play games, and I read books. I make sure the children are safe and happy. I have a lot of responsibility, but I love my job. It's very rewarding work even though the pay isn't great.
