

Vocabulary and Grammar Test Unit 3 Test A

1 Choose the correct answers.

Edible packaging

Imagine you can drink a glass of cola and then ¹**package / produce / eat** the bottle just like any other item of food. Not possible? Well, edible packaging might soon be a reality. In the UK, people ²**grow / throw away / refrigerate** 6.6m tonnes of food and drink packaging every year. One company is ³**recycling / producing / packaging** WikiCells, a sort of balloon that keeps liquids inside, but that you can later eat. You might not even have to ⁴**recycle / eat / refrigerate** your drinks to keep them cold. This also means that there won't be any need to ⁵**grow / transport / recycle** all the paper and plastic that comes with food packaging.

2 Complete the text with the words :

carbon waste friendly rubbish greenhouse recycling efficient warming

Help the planet and become eco-¹_____ !

- Reduce food ²_____ and stop global ³_____ by buying fruit and vegetables from local farmers.
- Read labels on the things that you buy to check if any of the packaging can be taken to a ⁴_____ centre. Do the same with other things that can be reused. Take the things that can't be reused to the ⁵_____ dump.
- Reduce your ⁶_____ footprint by walking or cycling, instead of taking the bus or driving. This will also help to reduce the amount of ⁷_____ gases released into the air.
- Use energy-⁸_____ light bulbs and other equipment to save power.

| f Did you have _____ to eat today? | |

6 Circle the correct answers.

***Kitchen* by Erik Klein Wolterink**

Kitchens differ from house to house, family to family. And Dutch photographer Erik Klein Wolterink wanted to show this in his new project *Keuken (Kitchen)*. He opened ¹**any / a lot of / much** cupboards, drawers and fridges and took photos of everything he saw.

So, ²**how much / how many / any** differences were there between the kitchens? Well, they all look very similar on the outside, but every kitchen has ³**some / much / any** things that represent the people that live there. A mother with African roots has a plastic water bottle filled with ⁴**a few / a little / many** palm oil. A family with young children has ⁵**a lot of / much / many** jars of Nutella. A group of female students has a very clean kitchen and just ⁶**a little / a lot of / a few** food items. A kitchen can show just how different we all are.

7 Complete the text with **who, which, when, where** and **whose**.

Cinema snack

When you walk into a cinema, you can smell it right away. It's the food ¹_____ you have to eat during a film. It's in every cinema in almost every country ... Popcorn! 1885 is the year ²_____ the first mobile popping machine was invented and it was Charles Cretors ³_____ did it. But it wasn't the cinema ⁴_____ eating popcorn started. It first appeared at carnivals and other fairs, and it wasn't until the 1910s ⁵_____ the grand movie theatres became popular that popcorn made its way into the cinema. And then there were other people ⁶_____ ideas changed the way we eat popcorn today: plain or with butter? Salted or sweet? Standard or large ... ?
