

AREA: Self-contained
SUBJECT: Self-contained
GRADE: Third Grade

TEACHER: Yesenia Ocando, Camila Padilla, Nathaly Arciniegas, Karen Serrano and Camila Sánchez.

Name: _____ **Grade:** ____ **Date: February** ____

KNOWLEDGE ASSESSMENT: MY INNER ARTIST!

Part 1: English

1. Look at the next words. Select N if it's a noun, V if it's a verb, and A if it's an adjective.

Pizza	Jump	Green	Happy	Small	Cat	See	Fast	Draw	Fly	Cake

2. Write an example of each type of sentence. Use proper punctuation.

TYPE	SENTENCE
Declarative	
Exclamatory	
Interrogative	
Imperative	

3. Look at the picture and write three sentences about it.

1. _____
2. _____
3. _____

Part 2: Math

1. Match the addition and subtraction exercises.

$7 + 2 =$

$24 + 5 =$

$49 + 6 =$

$3 + 8 =$

$98 - 45 =$

$46 - 13 =$

$25 - 5 =$

55

9

53

33

2. Solve the multiplication problems and complete the answer.

Caroline made 95 cookies and Carlos gave her 12 more. How many cookies did she make in total?

+

Caroline baked _____ cookies in total.

James, a taxi driver, works 8 hours on Monday. Also, he worked 6 more hours on Tuesday. How many hours did he drive both days?

+

On Monday and Tuesday, James drove _____ hours.

Part 3. Science

1. Choose if the light is natural or artificial.

1. _____

2. _____

3. _____

3. _____

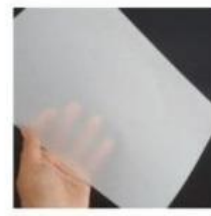

5. _____

6. _____

2. Look at the pictures and write the type of object they are.

Part 4: Social studies

1. Drag the paragraph pieces where they correspond.

The diagram shows a hamburger with five layers. Each layer is connected to a text box on the right by a line:

- Top bun (orange) → Topic sentence:
- Red meat patty (red) → Supporting detail:
- Brown cheese slice (brown) → Supporting detail:
- Blue lettuce slice (blue) → Supporting detail:
- Bottom bun (orange) → Conclusion:

Below the hamburger, there are five text boxes representing paragraph pieces:

- Second, you need to make sure they get enough exercise.
- Having a dog is a big responsibility.
- To conclude, dogs need a lot of care.
- First, you need to give them food and water.
- Third, you need to take them to the vet when necessary.
