

Los términos de una fracción y su representación

• Términos

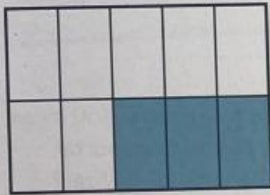

$\frac{2}{3} \rightarrow$ numerador
 $\frac{2}{3} \rightarrow$ denominador

El **numerador** indica las partes que pintamos y el **denominador** las partes iguales en que dividimos la unidad.

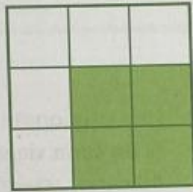

• Representación:

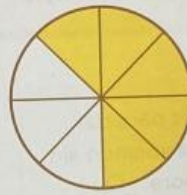

1. Escribe la fracción que representa la parte coloreada de cada figura:

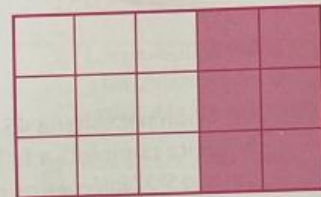

$\frac{\quad}{\quad}$

$\frac{\quad}{\quad}$

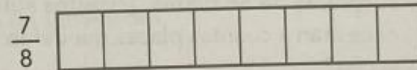

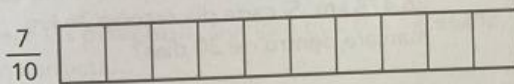

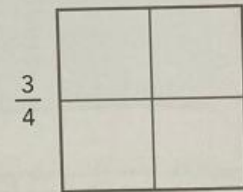

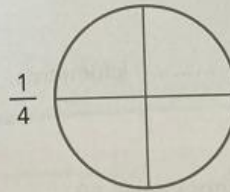

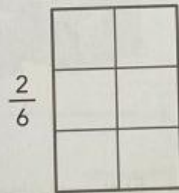

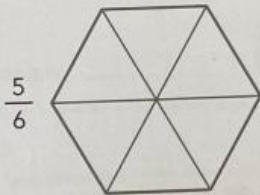

$\frac{\quad}{\quad}$

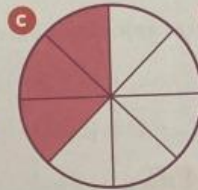

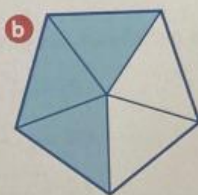

$\frac{\quad}{\quad}$

2. Colorea la fracción que se indica en cada figura:

3. Relaciona cada fracción con la figura que le corresponde:

$\frac{3}{5}$	$\frac{3}{8}$	$\frac{3}{16}$	$\frac{3}{6}$
