Biology MCAS Work **Name:**

Instructions:

1. *After watching Netflix's "Predators: Cheetahs" you will answer the questions below.*
2. *While watching the video, you will observe various organisms (animals/insects/etc) interact with other organisms and the world around them.*
3. *Based on your observation of these interactions, please identify the relationships between each organism in the ecosystem. You will do this by identifying each organism in the food chain as a producer, primary consumer, secondary consumer and/or tertiary consumer.*

Scene 1:

Producer → Primary Consumer → Secondary Consumer

Scene 2:

Producer → Primary Consumer → Secondary Consumer

Scene 3:

Producer → Primary Consumer → Secondary Consumer

Scene 4:

Producer → Primary Consumer → Secondary Consumer → Tertiary Consumer
