Using a bar chart for a survey

- 1 Choose a question for your survey. For example, *What time do you go to bed?* Draw a table on paper. Write bedtimes for the rows and your friends' names for the columns.

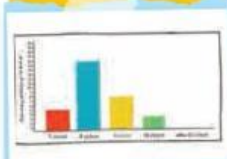

- 2 Ask your friends 'When do you go to bed?' Check (✓) the time on the table.

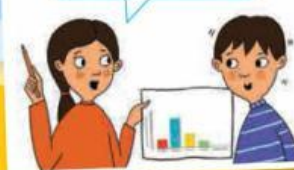

- 4 The bar chart clearly shows how many children go to bed at each time.

Many children go to bed at 8 o'clock.

- 3 Look at the information from your survey. Draw a bar chart with the information. Use different colors for each column.

3 Read again and write.
