TASK 3

Read these posts on theme parks.

Isla: "I like theme parks because they are exciting, have many rides and they are great fun. I have been to PortAventura World twice.. My favourite rides are roller coasters and Ferris wheels. I don't like when it's very busy and there are massive queues for the rides."

Pat: "I like Ferris wheels much more than roller coasters and the other fast rides because I like going slowly and enjoying the view from up high."

Sean: "I'm not really into theme parks. I'm afraid of heights and the rides make me feel anxious, nervous and dizzy. I'd like to visit The Wizarding World of Harry Potter though. I'm a huge fan of the books and the films."
