

FINANCES

1. Listen to a person talking about money.

In a **bank branch**, people handle their money. They use **debit cards** to put **money** into their **accounts**. This is called a **deposit**. **Currency**, like dollars or euros, is the money we use. People also use **credit cards** to buy things.

When someone **puts** money in their account, they can **check** their **balance**. This tells them how much money they have. It's important to know the **value** of your money and how much you have **saved**.

At the bank, there are also **shares**. Shares are like parts of big companies. When people **buy** shares, they become part-owners of the company.

After finishing her banking, Emma felt proud. She knew she had **managed** her money well. She understood the importance of **saving** and being careful with money. With her **debit card**, she could buy things without using **cash**. Emma felt confident in managing her **finances** wisely.
