\_\_\_\_\_ should be decreasing around the world, but it isn't. I think it's getting \_\_\_\_\_. It really is one of the worst things in the world. It's totally \_\_\_\_\_ and disgusting. How can you \_\_\_\_\_ someone because of the colour of their \_\_\_\_\_. I know many horrible \_\_\_\_\_ who have my skin colour and many beautiful people with different skin colours. I remember at school hearing racist words said to someone. I \_\_\_\_\_ sorry for him. He \_\_\_\_\_ the only non-white person in the whole school. I never \_\_\_\_\_ where the hate \_\_\_\_\_ from. Racism never leads to anything positive. \_\_\_\_\_ people from other races, \_\_\_\_\_ and \_\_\_\_\_, can only bring many positives to the world. I hope my grandchildren live in a less racist world.
