

RISPONDI CORRETTAMENTE:

TERMINI DELL'ADDIZIONE

A diagram with three light gray rectangular boxes. Two boxes are at the top, one on the left and one on the right. Arrows point from the left box to the number '1' in '126' and from the right box to the number '1' in '190'. A third box is centered below the equation, with an arrow pointing to the number '6' in '64'.

$$126 + 64 = 190$$

TERMINI DELLA SOTTRAZIONE

A diagram with three light gray rectangular boxes. Two boxes are at the top, one on the left and one on the right. Arrows point from the left box to the number '1' in '189' and from the right box to the number '3' in '123'. A third box is centered below the equation, with an arrow pointing to the number '6' in '66'.

$$189 - 66 = 123$$
